I had attended to two conferences in the past. One is Nanjing MUN 2012, and another one the Suzhou MUN IV. For Nanjing MUN last year, I was the delegate of United Kingdom in Environmental Council to discuss about the environmental issues around the world. For Suzhou MUN, I was in the Environmental Council too and I was the delegate of Bulgaria. Since I had so many experiments on the topics about environment in the past, most of the forums I chose that are also talk about environment, General Assembly 2 and 3. However, I chose ECOSOC for my first choice, because I really want to try different kinds of topics to build up my knowledge and experiments on different things. Also, in ECOSOC, there is a topic I really like to talk about, which is the worldwide guidelines for e-waste disposal and recycling. I think this topic is kind related to environment, which is my advantage. In the end, I wish we could have a fun MUN trip!
